Reely Jiggered

Reely Jiggered are bursting with talent, alive with creativity and live to perform. They are inspired by Celtic Folk music, intrigued by World beats and melodies and drawn to an interesting and unique fusion of funk, rock, pop and jazz taking folk music to new heights.

To go to one of Reely Jiggered's gigs is to be taken on a journey through the streets of Mexico, the salsa clubs of Cuba, the furious fiddling of gypsies, and haunting melodies of Celtic Britain mixed with the soaring voice of a diva soprano, the beauty of acoustic instruments, revved up by driving bass lines, wah-wah pedals and rocked up rhythms.

“Great musicality and work well in this trio”

“Great ‘stomp’ band, geared to all age ranges”

“I live here and I cannot believe I have not heard them before – they are main stage material already.”
